

February 2018 Vol. 2, No. 4

HONORS and AWARDS

Stacy Allen (BS 2000, MS 2002) was selected as the Missouri Department of Natural Resources Air Pollution Control Program's Employee of the Month for January 2018. She and her coworkers Shelly Reimer and Mark Leath were recognized for their work on the Volkswagen Trust Team, including initial planning to help the state

distribute \$41 million to reduce air pollution. The team has reviewed court documents, organized stakeholder meetings around the state, prepared technical information, and kept the VW webpage up-to-date. The VW team will continue work on this project for up to 10 years – see more information at <https://dnr.mo.gov/env/apcp/vw/index.html>. (Photo by **Laura Hertel**.)

PRESENTATIONS/PUBLICATIONS/RESEARCH HIGHLIGHTS

Balasubramanyam, V., Wilhelm Stanis, S.A., Morgan, M. (2018, February). Snap n' Chat: Using photovoice as a tool to elicit local observations of climate change impacts. Presentation at the 2018 NOAA Social Coast Forum, Charleston, SC.

Continuing conversation with Dr. John Walker, Division Director, about a joint faculty position with Biological Sciences

Presented invited seminar in the Department of Natural Resources and Environmental Sciences at the University of Illinois

EVENTS/MEETINGS/ANNOUNCEMENTS

Mr. Sebastian Glasenapp, Researcher and Doctoral candidate at the Thünen Institute [German Federal Research Institute for Rural Areas, Forestry and Fisheries] will be stationed at SNR through the 10th of March. He will work with Francisco Aguilar on econometric studies of wood energy markets under the auspices of the Thünen Institute and the United Nations Economic Commission for Europe’s Team of Specialists on Wood Energy. (Submitted by **Francisco Aguilar**.)

Over 20 professionals from 16 organizations will be conducting Mock/Practice Interviews with 93 Mizzou Parks, Recreation and Sport students. Internship Coordinators Jason Young and **Ellen Morris** coordinated with the professionals/employers to connect them with students to conduct interviews via phone, Skype, or in-person. We want to thank all the individuals that have donated their time to help our students practice their interview skills. Many times, these practice interviews have led to internships and full-time employment! (Submitted by **Jason Young**.)

We had a great turn out of natural resources professionals for the 2018 edition of Chillin' with the Mentors. We had an exciting panel discussion to start the evening followed by conversations over bowls of hot chili. This event was sponsored by the Natural Resources Alumni Organization and the following is a list of our alumni mentors...thanks to you all. (Submitted and photo by **Laura Hertel**.)
