## HONORS and AWARDS

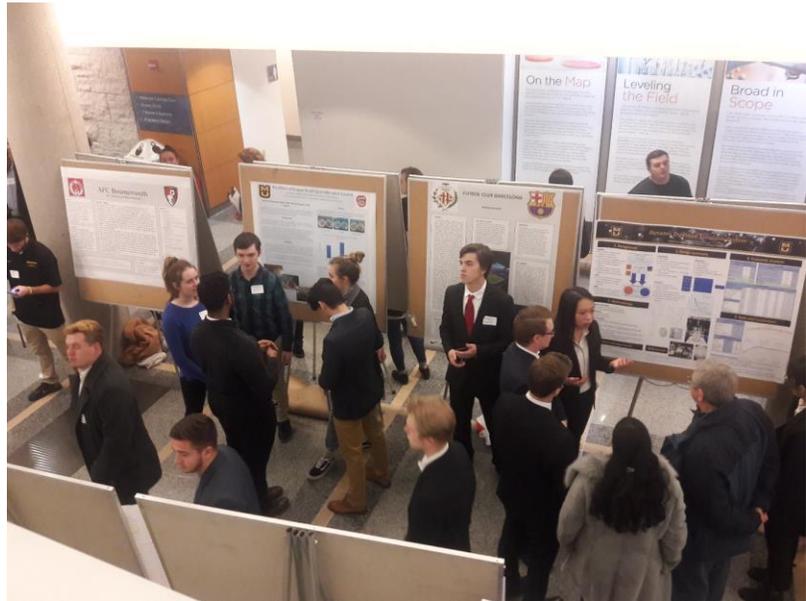

**Sarah Humfeld** was nominated for the December 2018 [Advisors Forum Advising Shout Out Award](#). The nomination that was submitted for the award is: *I don't have Dr. Humfeld as an Academic Advisor, but she is the Advisor for the student organization for which I am the president. She has gone above and beyond the expectation of that role. She has been an invaluable help when it comes to helping guide us in the process of planning events and reaching out to the community. She has also made herself available to us, with an open invite to drop into her office anytime we have questions. And, she has been an invaluable academic advising resource for all of us, both members and executive board. She is always the first to email us with opportunities for funding, fellowships, and courses that have just become available. She knows our majors, and our plans, and is always quick to offer advice, well beyond the requirements of her job as academic advisor.* Nominated by Sydney Tyler ([sst2pc@mail.missouri.edu](mailto:sst2pc@mail.missouri.edu)).

**Jenna Fusinatto** was nominated for the December 2018 [Advisors Forum Advising Shout Out Award](#). The nomination that was submitted for the award is: *Mrs. Fusinatto has been extremely helpful my whole career here at Mizzou. When I switched majors and she became my academic advisor she made the transitions super smooth and helped me lay a plan out to make sure I can graduate on time. I am graduation next semester and I believe that without her help I might have ended up behind a 5th year student. I am extremely grateful for her help with everything!* Nominated by **Adrian Aguilar** ([aeac6c@mail.missouri.edu](mailto:aeac6c@mail.missouri.edu)).

## PRESENTATIONS/PUBLICATIONS/RESEARCH HIGHLIGHTS

**Dr. Dana Massengale's** students in Global Sport Environments (PRST 2080) participated in the Class Research Project Day hosted by the Office of Undergraduate Research. One-hundred and sixty students from six classes across campus made poster presentations of their class projects to members of the campus community and the public. **SNR Adopt-A-Family 2018:** Thanks to all of you, we know one family is going to have a super holiday! Thank you all for your donations ...we were able to raise about \$600 for our family this year

through our Coin Challenge and the generous donation of ½ the proceeds from SNR Hoodie sales. Special thanks to **Jenna Fusinato** and **Nichole Smith** for playing Santa’s elves by purchasing gifts and delivering them to the North Pole. The results of the Coin Challenge was as follows (remember coins were positive and dollars were negative points): PRT received the most positive points and SEAS raised the most money...but our family is the winner (corny I know, but it’s the holiday season). Pictured: **Dr. Shibu, Jose** (far right), Director of the School of Natural Resources makes a \$250 donation to our Adopt-A-Family from sweatshirt proceeds. **Laura Hertel** (far left), and **Jehna Azzara** (middle) helped collect donations for our family.
